

CATÁLOGO DE VENTAS 2025

SOBRE NOSOTROS

Somos una empresa internacional fundada en Noruega en 2009, nacida de nuestra experiencia en deportes caninos y de la pasión por empoderar la vida de los perros y sus dueños.

Nuestro camino comenzó con Hårek, un talentoso perro de skjoring cuyo rendimiento se veía limitado por el equipo convencional que restringía su movimiento y respiración. Decididos a encontrar una mejor solución, creamos un equipo que le permitiera a Hårek liberar su potencial, lo que llevó al desarrollo de nuestros primeros productos.

Nuestro enfoque está en diseñar equipos duraderos y ergonómicos con un ajuste adecuado que mejore la comodidad, funcionalidad y seguridad tanto de los perros como de sus dueños. Estamos dedicados a la innovación continua, optimizando constantemente tanto productos existentes como nuevos.

Desde el principio, nuestro equipo ha sido desarrollado, probado y confiado por algunos de los mejores atletas del mundo en deportes como el canicross, bikejoring, skjoring y agility.

Continuamos probando todo nuestro equipo con atletas porque creemos que cada perro, sin importar la actividad, debe beneficiarse de equipos profesionales de alta calidad diseñados para liberar todo su potencial - ya sea en deportes competitivos o aventuras diarias.

Hoy en día, estamos orgullosos de estar disponibles en más de 2.000 tiendas en 58 países, reconocidos mundialmente por nuestro compromiso con la calidad, el rendimiento y la innovación continua. Nuestros productos también son la elección preferida de profesionales en búsqueda y rescate, el ejército y las fuerzas de seguridad.

Nuestra misión es inspirar a las personas a ser activas con sus perros, explorar nuevas actividades y fortalecer el vínculo entre ellos, sin importar la raza o la actividad.

ALTO RENDIMIENTO

Equipos para perros activos y sus dueños. Diseño ergonómico, innovador y funcional desde Escandinavia.

CONFIADO POR PROFESIONALES

Desarrollado, probado y utilizado por atletas de talla mundial en diversos deportes y bajo condiciones extremas.

FOMENTAMOS LA ACTIVIDAD

Nuestra pasión es facilitar y promover un estilo de vida activo para los perros y sus dueños.

EL PERRO ES LO PRIMERO

Todo lo que hacemos lo hacemos teniendo en cuenta la perspectiva del perro.

LINE HARNESS 5.0

RACHEL POHL EDITION

Free shoulder movement

3 layered back, allowing your dog to move freely without any restriction or chafe.

Extra comfortable

Velvet construction that provides a smooth, soft touch even, providing a cushioned and soft feel against your dog's body and preventing chafe.

Multiple attachment points

In addition to the standard back attachment point, it features two side-by-side front attachment points, making the harness perfect for both front and rear towing.

Wide range of sizes

Available in several sizes, accommodating both small and large dogs. The adjuster lets owners fit a tight harness.

Velcro

Let reflective piping for visibility in low-light outdoor settings.

LINE HARNESS 5.0

Free shoulder movement

Y shape construction allows your dog to move freely without any restriction or hindrance.

Super comfortable

Special construction that includes a chest and sternum protecting a reinforced and flat flat against your dog's body and chest and neck area.

Multiple attachment points

In addition to the standard back attachment point, a harness also includes the front for go-karting's leading line and also on the front for obstacle and training.

Wide range of sizes

Available in several sizes, accommodating both small and large dogs. No other dog harness for lightweights.

Stable

33% reflective strips for visibility at night and prevent dogs.

RAMBLE HARNESS

Highly adjustable

The harness is highly adjustable, making it a great choice for puppies. The waist strap can be loosened for growing pups, even through the chest's openings.

Leash attachment points

In addition to the standard D-ring attachment point on the back, there's a hook for holding the leash under the chest on all four sides, giving you the control you deserve to hold and pull control.

Back handle for assistance

Featuring a solid handle that gives you a convenient way to support the middle section of the dog.

Stable

STP's reflective lining for visibility in dark and low light.

Removable

The harness allows you to remove the chest strap when needed in cases of heat or tight spaces. The harness also includes a soft foam lining, which prevents chafing from rubbing in the adjustment points and areas of buckle and strap rubbing.

FREEMOTION HARNESS 5.0

Freedom of movement

Designed to allow your dog freedom to move both forward and backward.

Designed for pulling

Specifically designed for dogs connected directly with an harness, backpack and sledging. The harness has been thoroughly tested and tuned by professional players for more than 2 decades, being suitable for the heaviest dog.

Adjustable fit

Adjustable neck and chest straps allow you to customize the fit according to your dog's chest and neck shape. The chest strap

ensures that the harness is snug and secure, minimizing any slight sliding and padding.

Frontal pack

Extra padding around the neck makes the harness more comfortable for sleeping, as well as being used whilst off-leash walking.

Adjustable gear

To ensure the life cycle of your harness, each element is made with high quality materials.

LINE HARNESS GRIP WD

Benefits

Allows you to control your dog's movements and to provide greater control when needed. The handle is strategically positioned to prevent snagging in vegetation while also being easy to grip when walking next to your dog.

Features

For extra shock padding to the back without increasing the weight of the harness for your dog.

Free shoulder movement

It should walk, allowing your dog to move freely without any restriction or hindrance.

Extra padding

Extra padding on the chest and upper back and lower neck providing a cushioned feel with full support your dog's body and joints and more.

Secure attachment point

In addition to the standard attachment point at the back, you can also attach to an existing leash point.

CINTURONES

Un cinturón libera tus conmanos cuando corres o caminas con un perro correa, haciendo que el ejercicio sea más cómodo para ambos.

La fuerza de tu perro se transfiere a través del cinturón hacia tu cuerpo, lo que significa que un diseño ergonómico y funcional es esencial. Esto minimizará la tensión en tu zona lumbar.

Las diferentes actividades exigen funciones específicas del equipo. Por eso hemos diseñado cinturones para actividades concretas, como correr o esquiar.

También ofrecemos cinturones versátiles que funcionan igual de bien en tu caminata diaria como en una travesía más larga.

FRICTION LONG LINE

Excellent grip

Thanks to its rubberized surface, the friction provides you with excellent grip.

No noise

The long line is made with soft webbing to prevent jolts and discomforts for the dog.

Lightweight

The line is lightweight and easy to handle if you walk through the forest without getting tangled.

Stable

The line is made of durable materials that can withstand any condition caused by contact with the ground and vegetation. The webbing is not treated with chemicals, which can irritate the skin of the dog or make it uncomfortable when you get out of the line.

Secure

The line is equipped with a friction system that holds automatically. The longer you pull, the more it allows. The friction system is present on the line from the beginning.

CHAQUETAS

¡Las chaquetas para perros son mucho más que moda!

Una chaqueta funcional mantendrá a tu perro feliz y cómodo en cualquier condición, permitiéndote salir y divertirtiarte juntos sin importar el clima.

Hemos desarrollado una amplia gama de chaquetas para perros para cubrir todas las necesidades. Nuestras impermeables y chaquetas de invierno cálidas están equipadas con características funcionales adaptadas al propósito para el que fueron diseñadas.

TREKKING INSULATED DOG JACKET

Insulated warmth and protection

Insulated, quilted jacket made with a super-soft fleece inside. Large, high-visibility reflective strips and reflective mesh fabric ensure a high level of visibility in low light conditions, making it ideal for use in the dark.

Freedom of movement

The construction is both simple and practical, ensuring that your dog can move and play comfortably.

Secure and adjustable

The jacket includes an adjustable strap that can be used to secure the dog's harness or collar. The jacket also features a high collar and a high neck for extra warmth.

Secure fastenings

The jacket includes a reinforced collar with a high collar and a high neck for extra warmth. The jacket also features a high collar and a high neck for extra warmth.

TREKKING FLEECE DOG JACKET

Soft and comfortable

Thanks to part of its synthetic construction for its softness.

Waterproofing

A special wax treatment reinforces the jacket.

Lightweight

Thanks to the quality of the high quality materials used, this dog accessory is lightweight. It also prevents the jacket from being too heavy.

Reflective tape

Increases visibility at dusk and dawn.

Black pants

In addition to being waterproof, treated with high gloss, the jacket has reflective tape on the inside.

BOTAS

Los perros dependen de sus patas, por lo que cuidarlas bien es esencial.

Las botas para perros protegen las patas de tu perro contra todo, desde pavimento caliente, superficies ásperas y vidrios en verano, hasta nieve, sal y temperaturas bajo cero en invierno.

Ofrecemos una amplia gama de botas para perros desarrolladas específicamente para diferentes propósitos y condiciones.

PROTECTOR BOOTIE

Superior protection

Designed with your horse's hoof in mind, your single piece Protector Bootie shields hooves and lower leg from weather conditions.

Non-slip and water-resistant

To reduce slipping on wet surfaces, make these booties stick when necessary with a non-slip sole made from a special synthetic material.

Allows natural movement

The Protector Bootie provides gentle, evenly applied external pressure.

Flexibility & secure fit

The special construction allows both your horse and you to move without compromising strength. The elastic band and leg support ensure a snug fit and fully protect the hoof from falling off.

Benefits

Protects your horse's hooves in weather conditions.

Benefits

PROTECTOR BOOTIE HIGH

Extensive coverage

The sock provides high, protecting coverage that extends far above the lower edge of your dog's hooves.

Hoofwear protection

Designed with anti-cut material that shields the hooves from sharp objects, rough surfaces, and harsh weather conditions.

Non-slip and water-resistant

The rubber printing on the bootie makes them super-grip™, while the rough surface provides excellent grip over slick surfaces.

Allows natural movement

These booties allow your dog's paws to naturally expand for unrestricted movement.

Comfortable and secure fit

The stretch construction allows full range of motion and breathability without compromising strength. The grip tread and leg bands ensure a secure fit and help prevent the booties from falling off.

PROTECTOR LIFE JACKET

Unique construction

The unique SAFE-Fit buoyancy production ensures that your dog is kept afloat and stable across all the activities. The floats placed on the sides for increased buoyancy and freedom of movement. The panels are laid asymmetrically allow your dog to turn without being restricted by the rest.

Beneficial

Lightly constructed inflatable material in your dog's back allows the dog through, and the reinforced top can help prevent your dog from overheating.

Lightweight

The floats of the vest allow your dog's front legs to move freely, ensuring your dog can move more efficiently through the water.

Flexible

The life jackets equipped with stretchable material you need to fit your dog up to the weight limit, the float is in the top.

SAFE-Fit buoyancy system

By combining the SAFE-Fit buoyancy system and the reinforced straps, the pressure is evenly distributed, making the wear comfortable and safe for your dog.
