LIVING INNOVATION

QUILTING MACHINES
PACKING MACHINES
BORDER MACHINES
MATTRESS
PRODUCTION LINES

The advance control system makes the line simulation and production statistics be always with you via internet. **BEDLINE Series** keeps your whole factory always in control from assembly to packing to dispatch.

QUALITY IS A MUST

The measure of who we are is what we do. Accordingly, quality is a mandatory for improvement. We research, look for new methods, create and show our difference. A total satisfaction relates to quality composed with great effort.
