History Of Blue Sail

Blue Sail Medical Co., Ltd

Blue Sail Medical Co., Ltd, commonly referred to as Blue Sail (stock code 002382) was founded in 2002 as a China-Hong Kong joint venture enterprise. Blue Sail Medical is a leading medical device enterprise with a complete portfolio of low and high value consumables.

The company is structured into four business units: i) Personal Protection Business Unit focused on medical gloves with a portfolio of medical grade PPE products; ii) Cardiovascular Business Unit focused on stents with a portfolio of interventional devices; iii) Surgical Business Unit focused on staplers and ultrasonic scalpels with a portfolio of minimally invasive surgical equipment; and iv) Wound Care Business Unit focused on first-aid kits with a portfolio of urgent care products.

This catalogue details the Personal Protection Business Unit.

Face Mask

Features:

- Soft non-woven fabric for comfort and fit
- Elastic earloop
- Dispenser box design for better storage
- High particle filtration rate $\geq 95\%$

Package: 50pcs/box, 40 boxes/case
Case Dimension: 52X39.5X34cm
Application: Medical/Non-medical

Face Shield

Features:

- Large size for full face protection
- Excellent optical clarity
- Double sided anti-fog treatment
- Superior headrest foam and elastic strap for comfort & fit

Package: 10pcs/bag, 25bags/case
Case Dimension: 38.5X38X42mm
Application: Medical/Non-medical

N95 Respirator

Features:

- Non-valved
- Filter at least 95% of airborne particles
- Elastic latex-free headband
- Arc-end nosepiece
- Glue-free, odorless

Package: 1pc/bag, 20pcs/box, 20 boxes/case
Case Dimension: 69.5X31X34cm
Application: Medical/Non-medical

03 Apparel

Apparel

PE Apron

Features:

- Made from PE material
- Embossed or smooth surface
- White,Blue,Pink,Black,etc
- Perfect size proportion design
- Durable waist and neck lacing
- Styles:General,Salon

Package:100pcs/bag,10bags/case
Application:Non-Medical

Isolation Gown

Features:

- Available in multiple colors
- Knee length
- Made of soft SPP fabric
- Durable for minimum liquid environment
- Latex-free Elastic cuff

Package:10pcs/bag,25bags/case
Case Dimension:38.5X38X42mm
Application:Medical/Non-medical
Compliant quality standard:FDA/CE

CPE Gown

Features:

- AAMI Level 2 for assured protection
- Made of CPE film,with back open for breathability
- Thumb loop
- Seamless sleeve sealing

Package:25pcs/bag,8bags/case
Application:Medical/Non-medical
Compliant quality standard:AAMI PB70,FDA/CE

Lab Coat

Features:

- Made of soft SMS
- Tailored design
- Assorted colors scheme
- With or without pocket

Package: 10pcs/bag, 5bags/case
 Application: Medical/Non-medical
 Compliant quality standard: FDA/CE

Coverall

Features:

- Multiple SKUs in different weight of fabric-PP spunbond, SMS, Tyvek, breathable laminate
- Different seaming technics to meet the required protection level
- Tailored design

Package: 1pc/bag, 50pcs/case
 Application: Medical/Non-medical
 Compliant quality standard: EN149 TYPE 3,4,5,6/CE

Surgical Gown

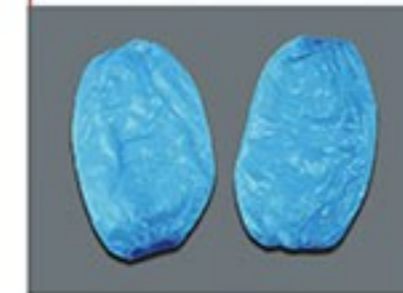

Features:

- Reinforced or without reinforcement
- Tailored design
- Elastic cuff
- Ultrasonic sealing

Package: 1pc/pack, 50pcs/case, Sterile
 Application: Medical
 Compliant quality standard: AAMI PB70/FDA 510K/CE

Arm Sleeves

Features:

- Can be made of PE, PP or laminate material
- Available in multiple colors
- Latex-free elastic

Package: 100pcs/bag, 20bags/case
 Application: Medical/Non-medical
 Compliant quality standard: FDA/CE

Scrub Suit

Features:

- Can be made of breathable PP spunbond or SMS
- V-neck or round neck design
- Available in multiple colors
- Variety pockets for choice

Package: 1set/pack, 50packs/case
 Application: Medical
 Compliant quality standard: FDA/CE

Bouffant Cap

Features:

- Made of spunbond PP
- Latex-free elastic
- Size 18"/20"/21"/24"
- Available in multiple colors
- Can do logo printing or pattern printing

Package: 100pcs/bag, 10bags/case
 Application: Medical/Non-medical
 Compliant quality standard: FDA/CE

⑧ Disposable Cap

Features:

- Made of spunbond PP
- Latex-free elastic
- Size 21"~24"
- Available in multiple colors

Package: 100pcs/bag, 20bags/case
 Application: Medical/Non-medical
 Compliant quality standard: FDA/CE

⑧ Surgeon Cap

Features:

- Made of premium PP spunbond
- Latex free elastic or ties for adjusting fit
- Can be tailor-designed

Package: 100pcs/box, 10boxes/case
 Application: Medical/Non-medical
 Compliant quality standard: FDA/CE

⑧ Shoe Covers

Features:

- Made of PP spunbond, PE or laminate
- Latex-free elastic
- Variety of designs available
- Anti-skid treatment is available

Package: 100pcs/bag, 20bags/case
 Application: Medical/Non-medical
 Compliant quality standard: FDA/CE

Antigen Rapid Test Kit ①②

① Package: 1test/kit, 300kits/case
Case Dimension: 56.5X39X36.5cm

② Package: 5tests/kit, 60 kits/case
Case Dimension: 52X39.5X44cm

Features:

- The SARS-CoV-2 Antigen Rapid Test is a lateral flow chromatographic immunoassay for the qualitative detection the nucleocapsid protein antigen from SARS-CoV-2 in nasal and nasopharyngeal swab specimens directly from individuals who are suspected of COVID-19 by their healthcare provider within the first seven days of the onset of symptoms. The SARS-CoV-2 Antigen Rapid Test can also test specimens from asymptomatic individuals. Excellent performance,high efficiency,user friendly design
- For self use at home
- Nasal and Nasopharyngeal swab specimens
- Results in 15 minutes

Application: Home use
Compliant quality standard: CE

Antigen Rapid Test Kit ③

Features:

- Nasal and Nasopharyngeal swab specimens
- Results in 15 minutes
- Excellent performance compared to molecular methods
- Room temperature storage

Package: 25tests/kit, 32kits/case
Case Dimension: 53X44.5X41cm
Application: Medical
Compliant quality standard: CE

① Long Arm Veterinary Gloves

Features:

- Made of PE film
- Available in different thicknesses and lengths
- Available in elastic cuff or over-shoulder type

Package: 100pcs/box, 10boxes/case

Application: Non-medical

① 100% Biodegradable Gloves

Features:

- Made of PLA/PBAT resin, 100% biodegradable in 3-6 months, eco friendly but does not compromise strength
- Available in multiple sizes and thicknesses

Package: 100pcs/box, 24boxes/case

Application: Non-medical

Compliant quality standard: ASTM D6400/EN13432/BPI

① Hand Sanitizer

Features:

- 75% Ethyl alcohol as active antiseptic ingredient
- Available in 1.5ml to 5L package
- Contains moisturizer & vitamine E
- Kills 99.9% of germs

Package: Bottle/Sachet

Application: Medical/Non-medical

Compliant quality standard: FDA/NDC/CE

① Wet Wipe

Features:

- With or without alcohol
- Multiple thicknesses available (30gsm, 40gsm, 45gsm, 50gsm etc)
- Variety of towel sizes available

Package: Bucket/Package

Application: Medical/Non-medical

Compliant quality standard: EPA/FDA/CE

06
Wound Care

Non-adherent Pad

Features:

- Good absorbency
- Rectangular and oval shapes available
- Clean cut edges-no linting

Package: Sterile
Application: Medical
Compliant quality standard: FDA/CE

Sterile Adhesive Bandage

Features:

- Available in plastic and fabric material
- Good selection of assortment to fit wound area
- Non-irritate adhesive formula
- Ideal for small cut wound

Package: Sterile
Application: Medical/Non-medical
Compliant quality standard: FDA/CE

🕒 Sponge

Features:

- Dispenser box
- All gauze or non-woven fabric
- Different sizes available from 2x2" to 4x4"

Package: **Sterile/Non sterile**

Application: **Medical**

Compliant quality standard: **FDA/CE**

🕒 Conforming Gauze Bandage

Features:

- Made of cotton+spandex
- Available in 2" to 6"
- Roll length is 75"

Package: **Sterile/Non sterile**

Application: **Medical**

Compliant quality standard: **FDA/CE**
