Sun

Let's play. Let's play.
Let's play!

We should not a dull
environment take away
our eagerness to play.
That was our main idea
while developing this
Collection FW22 and
its Campaign.

Let's
PLAY

MR. BOHO

FW22

play ground

The rules sometimes define a frame, but what we do within it is just up to us. Reinterpreting, questioning, challenging are actions that are just up to us and that can lead us to find fun and inspiration where we only saw routine before.

So we dare you. We dare you to face every day with a different vision, we dare you to seek those crazy little moments that charge your batteries, we dare you to make distraction a part of dedication.

Again: let's play!

Let's
play
