# Al Muqadimah Trading LLC

Manufacturers & Exporters of all Kind of Components / Raw Material  
for Foam & Mattress Industry

## COMPANY OVERVIEW

We are Dubai Based group of companies into manufacturing and Trading of raw material and components for Foam and mattress industry. We have established our company in 1999 and now we are leading and most reliable solution provider among Leading mattress manufacturing brands all over the world. We are clearly Market Leaders in Africa, Middle East & India. We supply to most of Leading Brands and factories in around 36 Countries.

We are totally professionally managed organization using scientific craftsman process along with high quality standards and professional working team. Our consistency of quality and supplies when juxtaposed with perfect pre sales and after sales service make us most forbid force.

Our strength is to offer one stop solution to all the needs of Foam and mattress industry. Following mantras makes us most desirable in fast changing business scenario :-

- \* CUSTOMER FIRST
- \* NO COMPROMISE WITH QUALITY
- \* INNOVATION
- \* MUTUAL BENEFIT
- \* EMBRACE NEW TECHNOLOGY
- \* FLEXIBILITY
- \* ADAPTABILITY FOR FAST CHANGING SCENARIO

# Reliance Global General Trading LLC

## ABOUT US

Reliance Global General Trading LLC (RGGT) is the chemical wing of our company which is based in Dubai. Here we stock and distribute all PU Chemicals for Flexible Foam and Rebonded Foam Industry.

We are Authorized Agents and represent the most reputed Chemical manufactures based in Korea, India and China. Our capabilities to handle big volumes, Consistent supplies, timely deliveries, high Quality at most competitive pricing are our key strengths. These important traits have enabled us to win confidence of our clients World over. We are supplying to nearly 36 countries in Middle East and Africa region. We are aggressively approaching clients in other territories to expand our client base.

## CHEMICALS

<b>TDI 80.20</b>	<b>Toluene Di IsoCyanate</b>	Toluene Diisocyanate is an Aromatic diisocyanate that is produced for reaction with polyols to form polyurethanes.
<b>MDI</b>	<b>Methane Di IsoCyanate</b>	Methylene Diphenyl Diisocyanate, most often abbreviated as MDI, is an aromatic diisocyanate. We Supply Polymeric MDI (Foam Binder)
<b>Polyols</b>	<b>Polypropylene Glycol</b>	polymeric polyols are used as reactants to make other polymers. They can be reacted with isocyanates to make polyurethanes. Below are the different types of Polyol we supply. Polyol Conventional Polyol 10% Polyol 13.5% Polyol 15% Polyol 25% Polyol 45%
<b>MCL</b>	<b>Methylene chloride</b>	Methylene chloride, also called dichloromethane, is a high performing, high purity, non-flammable, non-ozone depleting chlorinated organic compound that has been designed for use as an auxiliary blowing agent in the production of flexible polyurethane foams.

## CHEMICALS

Additives :-		Industrial Standard	
Silicone	Stabilizing Agent	L-580	Silicone Surfactant for Flexible PU - Slabstock Foam. It is developed as universal silicone surfactant of high potency for the production of conventional as well as flame retardant flexible polyurethane slabstock foam based on polyether polyols
Stannous Octoate	Gel Catalyst	T-9	It is used as a polyurethane catalysts in the production of flexible polyurethanes and elastomers.
Amine 33	Catalyst	33-LV	Amine Catalyst is an accelerator for producing a polyurethane foam by reacting a Polyol with a Polyisocyanate.
Foam Hardener		SEP	Formulated Catalyst to improve surface cure & increase product hardness, 10% foam hardness at most (better for low density)
PU Colors	Available in Different Shades		It is used as a polyurethane colorant.
Other Chemical :-			
Caustic Soda	Sodium Hydroxide	<ul style="list-style-type: none"> <li>• PEARLS</li> <li>• FLAKES</li> <li>• LYE</li> </ul>	Caustic Soda, also known as Sodium hydroxide or lye, is an inorganic compound with the chemical formula NaOH. It is available in pearls, flakes, granules, and as prepared solutions at a number of different concentrations. Sodium hydroxide is used in many industries: in the manufacture of pulp and paper, textiles, drinking water, soaps and detergents, and as a drain cleaner.

# FABRICS

**KNITTED JACQUARD FABRICS**  
WIDTH : 220 CM  
WEIGHT : 150 GSM TO 550 GSM

**SATIN FABRIC**  
WIDTH: 210 CM  
WEIGHT: 70 GSM

**KNITTED JACQUARD FABRIC  
(DARK COLOUR)**  
WIDTH: 220 CM  
WEIGHT: 150 GSM TO 550 GSM

**BRUSH PRINTED FABRIC**  
WIDTH: 210 TO 240 CM  
WEIGHT: 50 TO 150 GSM

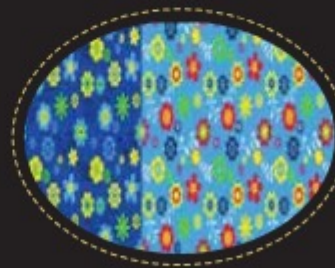

**PP JACQUARD / DAMASK FABRICS  
(WITH / WITHOUT BACKING)**  
WIDTH: 215 CM  
WEIGHT: 100 GSM TO 140 GSM

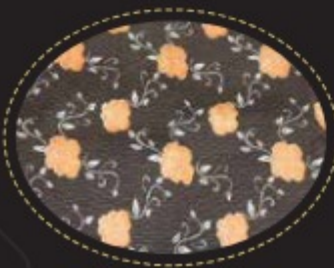

**BRUSH DYED FABRIC**  
WIDTH: 210 TO 240 CM  
WEIGHT: 60 TO 120 GSM

**PP JACQUARD / DAMASK  
FABRICS DARK COLOR  
(WITH / WITHOUT BACKING)**  
WIDTH: 215 CM  
WEIGHT: 100 GSM TO 140 GSM

**TC FABRIC (PONGEE FABRIC)**  
WIDTH: 210 CM  
WEIGHT: 38 GSM

**TRICOT / WARP KNITTED FABRIC**  
WIDTH: 210 CM  
WEIGHT: 60 TO 120 GSM

**TC FABRIC (SELF DESIGN)**  
WIDTH: 210 CM  
WEIGHT: 38 GSM

## ACCESSORIES

**MATTRESS TAPE**  
WIDTH : 20 MM TO 60 MM

**THREAD FOR QUILTING & TAPE EDGE**

**PVC LAMINATED SHEET**  
( Plain or Printed )

**FRESH PU SCRAP FOAM / TRIM FOAM FROM EUROPE**

**COTTON FELT**  
WEIGHT : 600 TO 1200 GSM

**HIGH QUALITY SOLVENT BASED SPRAY GLUE**

**MATTRESS ACCESSORIES**  
( BUTTONS, HANDLES & VENTILATORS )

**REBONDED BLOCKS & SHEET**

## BEDDINGS

**MATTRESS PROTECTORS**

**MINK BLANKETS**  
( SINGLE & DOUBLE PLY )

**BED SHEETS**

# Reliance Bedding Industry LLC

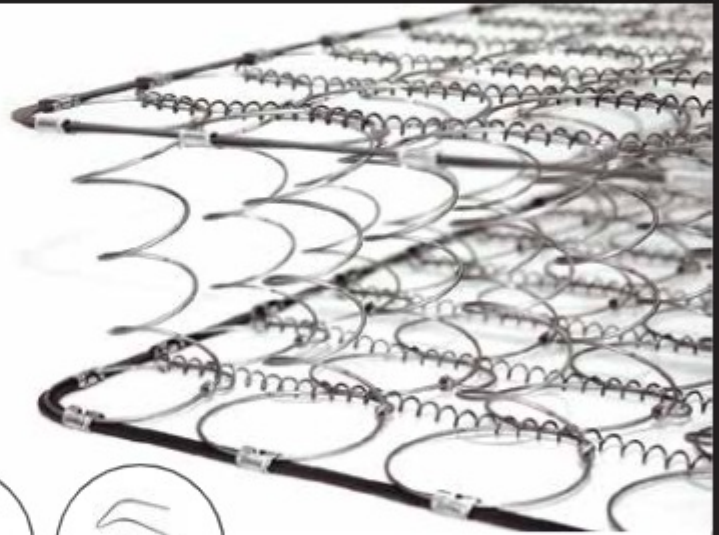

## ABOUT US

Reliance Bedding Industry LLC (RBI) is one of the manufacturing arm of group. We are leading and most reputed manufacturers of Bonnell spring, Pocketed spring, M-corners & M-springs. We are very popular among mattress factories of Middle East and USA. We roll pack or flat pack our spring units to make them very cost effective for Transportation and export worthy.

We have state - of - art brand new plant and machinery from SPUHL of Switzerland, FIDES of Italy and highly trained and experience staff.

### BONNELL SPRINGS

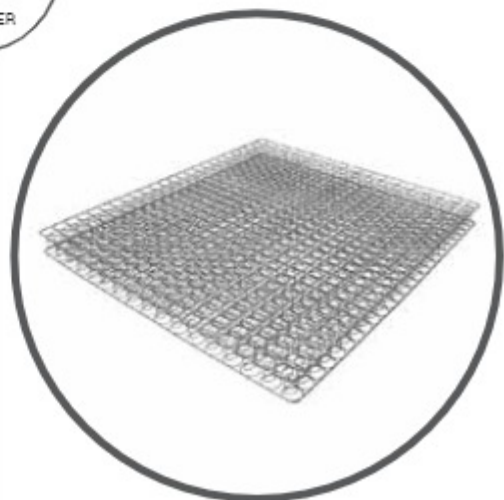

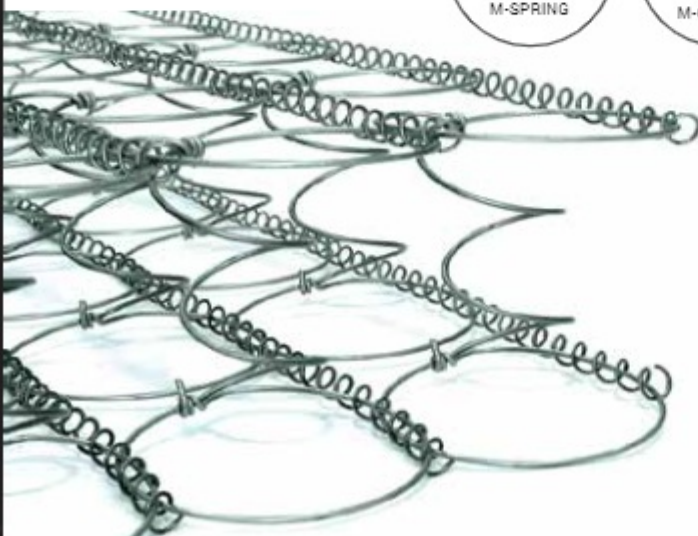

WIRE DIAMETER : 2.2 ~ 2.4 MM

M-SPRING

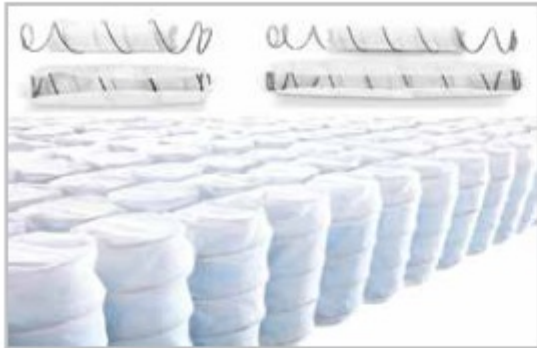

M-CORNER

## POCKETED SPRINGS

NESTED POCKETED SPRINGS  
WIRE DIAMETER : 1.9 ~ 2.1 MM

ZONED POCKETED SPRINGS  
WIRE DIAMETER : 1.9 ~ 2.1 MM

## COMPRESSED SPRINGS

COMPRESSED POCKETED SPRINGS  
(ROLL PACK)

COMPRESSED FINAL PRODUCTS  
(FLAT PACK)

BEFORE COMPRESSED

AFTER COMPRESSED

## Reliance Nonwoven Industry LLC

Reliance Nonwoven Industry LLC (RNI) is another manufacturing arm of our group. We were the first company in UAE to have state-of-art extruder and plant to manufacture spun bonded Nonwoven Polypropylene(PP).

Our products are environment friendly and totally 100% recyclable.

Here we are providing most cost effective solution to many Industries like Mattress, agriculture, Shoe industry, Ceiling Tiles, Bags, construction, packaging & household etc.

We have a manufacturing unit with latest international technologies that helps us in manufacturing the various types of ECO-FRIENDLY Products. A team of skilled and talented experts conducts all the production processes that take place in our unit. These professionals use their expertise and modern technology to further check the products on different parameters of the quality. Our products are prepared using optimum quality raw materials like PP Granules, which is procured from reliable and authorized vendors. Since establishment, our products have earned us a long list of reputed client based all around the Globe. Our customers are placing repeat and bulk orders that depict the reliability and the quality of the products.
